DISTRIBUTION

**DISTRIBUTION & STORAGE FOR THE
ALCOHOL BEVERAGE INDUSTRY**

FEBRUARY 2025

SIMPLIFYING DISTRIBUTION & STORAGE

DRINK Distribution was established to provide better distribution and storage services to alcohol and non-alc beverage producers in British Columbia.

With limited options currently available, we understand the need that exists as we've experienced the challenges ourselves.

We care about providing reliable distribution services to all stakeholders, providing accurate inventory and first rate communication and problem solving.

Your sales are reliant on having product delivered on time. Our team has experience. Our drivers have years of experience delivering alcohol products. We know your customers. We know how important the personal touch is and the high standards of each individual brand we interact with.

We recognize that our producer's success relies on maintaining strong customer relationships during the last mile.

FEATURES

FEATURES BENEFITS STORAGE

Our warehouses are centrally located, and we offer dry and cold storage.

Our warehouses are fully secured and digitally alarmed.

DISTRIBUTION

Picking and delivery services for all of our regions. We have your deliveries covered.

CUSTOMIZED SOFTWARE

Technology is a priority for our operations and it simplifies your product delivery. Our warehouses utilize an advanced warehouse and transportation management software, from established developers, that provides full visibility and optimization for our customers. This allows for order processing, live inventory management, order history, tracking, and paperless transactions.

OUR DRIVERS

CAM FRANCESCHINI

Hi my name is Cam, and I am a delivery specialist. I've worked in a liquor store, worked another delivery job, and have bartended and bar managed a few different bars in Victoria. I've dabbled in just about all aspects of the industry at this point. I was born and raised on the island, and have lived here my whole life. When I'm not working, I'm often riding my motorcycle along similar routes that I drive when delivering. I've discovered a lot of beautiful rides, and great places to stop for a break thanks to delivering all across Vancouver Island.

KIERDEN BUCHANAN

Hello! My name is Kierden Buchanan, Warehouse Manager for DRINK Distribution Vancouver Island. I have been in the craft beverage industry for three years now and plan to make a career of it. As a lifelong admirer of Vancouver Island, I have always during each stage of my career strived to work for locally driven companies that I found a sense of myself in. Now with Drink Distribution I see a path to excel in not only my own life but the lives of the companies and customers we deliver for.

JAY OSBORNE

Hey it's Jay your local delivery specialist. I've been working with the industry for the last 8 years. Before starting with Drink Distribution in 2023, I was with Lighthouse Brewery since 2020 and came there from Logan's LRS/Pub where I was since 2016.

I grew up here in Victoria and enjoy being out in the community and having all the fun that Victoria provides with the many events and festivals put on. I'm happiest when I have a good patio view, with good company and a good beer.

"They're Great! Super Friendly!"

Cork & Barrel (LRS)

"Have had an exceptional experience with all involved!"

Fairfield BCL #178

"Excellent service and manner!"

James Bay Inn Pub (HOS)

"Kierden and Jay have been 2 of my favourite drivers!"

Cascadia Langford (LRS)

"Service has been excellent! Keep It Up!"

Cascadia Quadra (LRS)

"You guys are great!"

Christies Pub (HOS)

"Deliveries are always done on time. Drivers are always courteous and quiet!"

TAKE THE COMPLEXITY OUT OF LOGISTICS

TRUSTED WAREHOUSING & ORDER FULFILLMENT

We've simplified ordering, inventory reports, and outbound shipping tracking with our powerful, end-to-end warehouse management system — so you can leave the logistics to us, and get back to growing your business.

INVENTORY MANAGEMENT

Keeping track of your stock has never been easier. Track inventory storage, levels, movement, condition, and status directly from your customer portal, any time you like.

ACCURACY AT EVERY STEP

Our state-of-the-art CartonCloud Warehouse Management System provides transparency from order to dispatch, giving you greater peace of mind and actionable data for business planning.

BARCODE SCANNING

The safety and condition of your stock is our primary focus, which is why we can use barcode scanning to track stock movement, inventory pick and pack, and dispatch. Barcode scanning also means we can track details against your inventory, including expiry dates and batch numbers, to ensure the right stock is selected each time.

AUTOMATED ORDER INPUT & TRACKING

Our software integrations provide accurate and real-time data flow to and from CartonCloud, making omnichannel ordering so simple. Automate incoming orders for fulfillment, and receive order completion notifications via email, EDI, API, or directly to your online store.

URGENT ORDERS? NO PROBLEMS.

You can flag priority orders in the system, to be fulfilled urgently under high priority rates.

24/7 ONLINE PORTAL ACCESS

Keep eyes on your orders and inventory 24/7, from your customer portal. View stock reports, stock status, order fulfillment, and stock movement in real-time, or ask about setting up notifications for low stock alerts, new orders, order completion, and more.
